Subject: Letter of Appreciation for Cristanini Company S.p.A.

I am pleased to express my personal appreciation to Mr. Adolfo Cristanini that at the beginning of the Covid-19 National Emergency, immediately supported with sincere spirit of patriotism, me and the Italian Air Force CBRN Department about the recommended possible Decontaminants to use on board the Italy Tankers Fleet employed for the rescue missions of Italian Citizens from Wuhan-China.

The data promptly provided by Cristanini's Technical Staff has been very useful for the analysis and the identification of the suitable decontaminants used successfully during the period of the emergency.

Thank You to Mr. Adolfo Cristanini and the entire Technical Staff for their excellent assistance offered in that critical time of uncertainty.

Giovanni Bifulchi
